

SANICLAD
HYGIENIC WALLS & CEILINGS

Saniclad Warranty Certificate

This warranty certificate is valid for 15 years from the day of purchase of any Saniclad PVC hygienic wall & ceiling cladding product.

The 15 year warranty covers against the performance of Saniclad Hygienic Wall & Ceiling Cladding within its working environment. Provided the product has been used within its working limitations (as per data sheets) and has been installed according to manufacturer's installation guide Saniclad Ltd will exchange free of charge any PVC product that shows (outside of normal wear and tear) a fault in either colour or surface finish.

Further to the above Saniclad Hygienic Wall & Ceiling Cladding Ltd will provide a 2 year labour warranty on all Saniclad product installations provided that the installation was carried out by Saniclad Ltd or an approved Saniclad installation subcontractor. The warranty will cover any fault that is shown to have developed within the 2 year warranty period. On receiving confirmation of a warranty issue Saniclad Ltd will endeavour to rectify the issue within a 14 day period (subject to availability of resources). If on inspection of the said warranty issue, it is shown to have been caused by factors other than an installation defect we will inform the client of our findings in writing within 7 days. If the fault is shown to be an installation defect then this will be rectified free of charge either immediately or at a time that suits the client.
